Dear Professor Kurths,

I was pleased to hear from the editor that you are willing to write an article entitled:

“Complex network approaches to nonlinear time series analysis”

for our review journal Physics Reports.

In connection with this, I should very much appreciate receiving your confirmation on the following points:

1. You will receive a remuneration of € 15.50 per printed page of about 700 words, to a maximum of € 800.00, upon publication of your review. Please keep in mind that a review article is expected to be at least 30-40 pages in length. You will also receive 25 complimentary copies of the issue. Please note that in the case of joint authorship the remuneration and complimentary copies will be divided amongst the authors.
2. The Editor, “Itamar Procaccia”, will judge the scientific and technical quality of the final manuscript and will decide whether it is acceptable for publication. This manuscript represents original work and in its present form not previously published, it is not being considered elsewhere for publication and it will not be published elsewhere in the same form, in any language without the consent of the publisher. Preparing the manuscript, please take into account that the paper needs to be readable for a wide audience, even when the topic is highly specialized.
3. The Manuscript to be submitted, in final form to the Editor by proposed deadline: **30th June 2016**

4. The manuscript to be prepared in accordance with the Author Guidelines:  
[http://www.elsevier.com/wps/find/journaldescription.cws\\_home/505703/authorinstructions](http://www.elsevier.com/wps/find/journaldescription.cws_home/505703/authorinstructions)
5. If you use any copyrighted materials (text or illustration) in your article, you agree to supply, with your manuscript, the written reproduce permission from the copyright holder for its use before publication.
6. Please note, that when you receive proofs you may only correct printers' errors. Any new development can be added at the end of your review as a "Note Added in Proof". Your corrected proof should be returned as soon as possible, preferably within two days of receipt.
7. We will undertake to publish your review within approximately six months after acceptance by the Editor, provided the above points are met. Your review will also be published on-line:  
<http://www.sciencedirect.com/science/journal/03701573>.

Finally I would also like to take this opportunity to introduce you to your publishing team here at Elsevier. As Editorial Manager with responsibilities for this journal, I will be your first line of contact. Please contact me in case you have queries regarding the submission process, the status of your Agreement or of your payment.

Journal Manager (Vimala Anand – email [V.Anand@elsevier.com](mailto:V.Anand@elsevier.com)): Please contact the JM if you have questions regarding the publication time or the files format to be submitted, LaTeX packages, etc.

Publisher: (Eleonora Presani – email: [e.presani@elsevier.com](mailto:e.presani@elsevier.com)) if you have other questions.

I will look forward to working with Itamar Procaccia and yourself towards the eventual publication of your review.

With best wishes,

*Patricia Massar*
